I remember you was conflicted meme meaning

[Kendrick Lamar] I remember you were in conflict misusing your influence Sometimes I did the same abuse of my power, full of indignation outrage, which turned into a deep depression I found myself screaming in a hotel room I didn't want to self-destroy Lucy's evil was around me So I went to flee the answers until I came home, but that didn't stop survivors from guiltgoing back and forth trying to convince myself of the strip I earnedOr maybe like A-1 my foundation was But while my relatives were fighting a constant war back in the city, I was entering a new ONEA war that was based on apartheid and discrimination made me want to return to the city and tell homies what I learned The Word was respectful just because I wore a different gang color than mine Does not mean that I can not respect you as a black man Forgets all the pains and hurt we caused each other on these streets! I respect you We unite and stop the enemy from killing usBut I do not know, I am not a mortal man, maybe I'm just another nigga shit and that's all I wrote, I was going to call another nigger, but, it's not really a poem, I just felt it was something you could probably associate with. Except that now that I've finally got a chance to holla you, I've always wanted to ask you about some situa, about the metaphor actually, you've talked on the ground. What does it mean to bout that what the land represents? [2Pac] The Earth will open and swallow evil. That's how I see it, my word is the connection. I see the land is a symbol of poor people, poor people are going to open up this whole world and swallow rich people. Because rich people will be so fat, they will be so attractive, you know what I say, rich, attractive. The poor will be so poor and hungry, you know what I'm saying it's going to be like... may be a little cannibalism from this mutha, they can eat a rich [Kendrick Lamar] Aight so let me ask you this then, do you see yourself as something that's rich or something that made the best of your chances? [2Pac] I see myself as a natural born hustler, a true hustler in every sense of the word. I took nothin', took opportunities, worked in the most artistic and humiliating work, and created it so I could get it to where I belonged. I'm out having someone manage me for me to hire someone who works for my management company. I changed everything I understood my destiny in five years you know what I'm saying I made myself a millionaire. I've made millions of people now it's time to make millions for myself, you know what I'm saying. I made millions of record companies, I made millions of these movie companies, now I have millions for us [Kendrick Lamar] And through your different paths of success, how do you say you managed to maintain a level of holiness? [2Pac] My faith in God, my faith in the game, and my faith in all good things come to those who remain true. You know what I'm saying and it was happening for a reason, you know what I'm saying, I'm noticing, I was punching the right buttons and it's happening. So it's not a problem, you know, I mean, it's a problem, but I'm not finna let them know. I'm finna go straight through [Kendrick Lamar] Do you think you put yourself in a fighter's heart or something that just reacts when they're back against the wall? [2Pac] I like to think that on every occasion I have ever been threatened by resistance he has met with resistance. And not only for me, but it goes down my family tree. You know what I'm saying is in my veins to fight back [Kendrick Lamar] Aight well, how long do you think it will take until niggas be like, we fight war. I fight a war I can't win and I want to set it all down [2Pac]In this country a black man has only like 5 years we can exhibit maximum strength, and it's now While you're a teenager while you're still strong or although you still want to lift weights while you still want to shoot back. Because when you're 30 years old, it's as if they're taking the heart and soul out of a man from a black man in this country. And you don't want to fight no more. And if you don't believe me, you can look around, you don't see the loud mouth of 30-year-old [Kendrick Lamar] It's crazy because for me is one of your offspring legacy you left you can really say nothing but turmoil goin' so I wanted to ask what you think is the future for me and my generation today? [2Pac] Shit, I think niggas is tired-grabbin' crap from the shops and next time this riot there will be bloodshed real. I don't think America can know that. I think the American thinks we just played and it's going to be a little more play, but it won't play, it's going to be murder, you know what I'm saying, it's going to be like Nat Turner, in 1831, in this. You know what I'm saying, it's going to happen to [Kendrick Lamar] It's crazy man. In my opinion, the only hope that we kinda left is music and vibration, lotta people do not understand how important. Sometimes I like to get behind the microphone and I don't know what kind of energy I mma eject, or where it comes from. Traveling me sometimes [2Pac] Because of the spirit, we didn't really rappin, we just let our dead homies tell stories to us [Kendrick Lamar] Damn! wanted to read one last thing to you. It's actually something a good friend wrote describing my world. It says: Caterpillar is a prisoner on the streets, which made him his only job is to eat or consume everything around him to protect himself from this crazy cityWhen he consumes his surroundings the caterpillar begins to notice how to survive One thing he has observed is how much the world avoids him, but praises the butterfly butterfly is a talent, thoughtful, and over-caterpillar beauty But having a harsh attitude to life the caterpillar sees the butterfly as weak and figures out the way to pimp it to its benefitsAlready until this mad city caterpillar goes to work in a cocoon who institutionalizes himHe can no longer see past his thoughts He is trapped inside these walls certain ideas begin to take root, like returning home, and bringing back new concepts to this city of mindEase? The wings begin to appear, breaking the cycle of stiffness Finally, the free butterfly illuminates situations that the caterpillar never considered, ending the eternal struggle Although the butterfly and caterpillar are completely different, they are one and the same.
